

VANDERHEYDEN'S HOLIDAY SUPPORT PROGRAM WISH ROOM WISH LIST

The wish list contains items that are asked for most frequently by the residents and families. In addition some of the items listed are basic needs of the residents and families they often go without because they cannot afford them. The purpose of the Wish Room is to make sure that all of the residents/families receive gifts, if they have not been adopted. Once assured that all of the residents and families have gifts, the youth in the programs are allowed to find gifts for their family members, and staff to pick out gifts for the residents that do not go home for the Holidays. Any items that might be left over are distributed to the group homes and independent living facilities.
